INTERMERCATO / Sorting Grab

TG20-30DG

HARDOX® IN MY BODY

We accept no substitute

GRX10-25EG

Fast. Strong. Simple.

*Purpose-built for demolition, recycling, timber and waste handling, the Intermercato direct-mount **excavator sorting grab** delivers high performance with minimal fuss.*

- ***Engineered and manufactured in Europe***
- ***Aussie made head bracket*** *– perfectly fits your excavator*
- ***Single oversized cylinder*** *– maximum bite force, fewer moving parts.*
- ***HARDOX® ribbed chassis*** *– unbeatable strength-to-weight.*
- ***Low-profile direct mount*** *– more breakout, better control.*
- ***Reversible 400HB wear edges*** *– longer service life.*
- ***Wide opening, deep belly*** *– handles bulk and fine materials.*
- ***Compact hose guarding*** *– keeps lines safe from debris.*

Excavators*: 1–32 tonnes*

Applications*: Demolition, concrete & rubble recycling, timber & green waste, scrap & metal handling, quarry & yard work.*

Built to last in Australian conditions.

Save on landfill costs and call the grab specialists today on 1300 88 21 61
